

Prevention and Recovery Services was incorporated in 1965 under the name of National Council on Alcoholism, Topeka Division. In July of 1993, the Board of Directors voted to change our name to Shawnee Regional Prevention and Recovery Services. Our new name is more descriptive of our mission [shortened to Prevention and Recovery Services (PARS) for easier recognition purposes.]

PARS continues to serve Shawnee County as one of thirteen regional prevention centers in the state whose mission is to work with our community to reduce risk factors and strengthen protective factors that influence alcohol and other drug abuse.

PARS' Youth and Family Programs offer hope to hundreds of children, young people and families who are adversely affected by alcohol and other drug abuse. Skilled counselors facilitate groups for at-risk children and young people, as well as facilitate workshops and participate in community coalitions to reduce risk factors and strengthen protective factors that influence alcohol and other drug abuse.

SAGE

A Training Program

This program is intended to increase awareness of the magnitude and seriousness of problem gambling among older adults. The training includes slides, a video, group activities and case reviews. A SAGE Resource Manual will be provided.

Professions who may find this workshop useful include: social workers, case managers, addiction counselors, RN's, LPN's, LMHT's and CMA's. Certificates of attendance for 5.0 hours are available for all participants.

This training qualifies for KCGC advanced CEU's for recertification.

SAGE Objectives: To help participants become aware of their attitudes and beliefs about problem gambling among older adults; to learn the various types of gamblers, the phases of pathological gambling and characteristics of low-risk gambling for older adults; and to learn how older adults deal with family members who are pathological gamblers. Participants will also gain an understanding of how age-related stressors and life changes put older adults at risk for problem gambling and learn about resources, assessment tools and intervention techniques for older adults.
